HK G3 / MP5 ZP 1003 AIMING PROJECTORS

This rare and highly-unique device was formally used by German police and military personnel as an illuminating projector for night time searches and tactical operations (circa 1980s to 1990s). The Swiss made projector uses battery power to illuminate targets and project an aiming point or post up to 150 meters. Each projector comes complete with hardware including an original HK claw mount, mounting rings, power cable, push button on/off light switch and clip-on battery terminal connectors.

Condition is excellent to like new. Note: Battery is not included, however the unit works with most standard 12 volt batteries with clip-on style terminals. The batteries are readily available from many on-line sources such as the Home Security Store (www.homesecuritystore.com). We also have a limited quantity of aiming projectors without cable and mounting hardware.

ZF-4 SNIPER SCOPE, MOUNTS & COMBO PACKAGES

Quality reproduction of an original WWII era ZF-4 4-power sniper scope. These scopes were used on Mauser 98K rifles, G43/K43 rifles and MP44 sub machine guns. Manufactured using original drawings and high-tech optics machinery, including state-of-the-art single-point diamond turning equipment. Scope includes 3-post crosshairs, period markings and is factory collimated with a pre-setting of zero/300. Scope is marked GW ZF4 ddx, which was typical of many war time production scopes. Elevation turret is marked in 50 meter increments from 100 to 800 meters. Windage turret includes nine hash marks consisting of a center mark with four marks on each side for left and right adjustment. There are two clicks between each mark for half MOA movements. We also carry the proper reproduction scope mounts and special combo packages are available. Note: Mount and combo packages are not available for the MP44.
